

## WORTH MOUNTAINS OF GOLD

During Change of Life, says Mrs. Chas. Barclay

Graniteville, Vt.—“I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter.”—Mrs. CHAS. BARCLAY, R.F.D., Graniteville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is “worth mountains of gold” to suffering women.

### AMUSEMENTS

#### Royal Hungarian Orchestra.

The Royal Hungarian Orchestra is to be the attraction at Hanna's hall on West Romana street Tuesday night, Feb. 9. It being one of the Lyceum attractions. An effort has been

made to have the date of the attraction changed so as not to conflict with the speaking by William J. Bryan at the opera house, but without any success, as the Atlanta Bureau has booked the orchestra for every night, and advertisements have been inserted at all places. Of the coming attraction the Boston Journal of recent date says:

“The concert last evening at the Music Hall, by the Royal Hungarian Orchestra, was one of the finest of its kind ever given in this city. Twelve numbers were on the program, but, by round after round of applause, the audience heard twenty. The encores were even more highly appreciated than the regular pieces. The playing of the combination is characterized by pure intonation, correct interpretation and perfect unanimity.”

#### Bijou Theatre.

Judging from the “line-up” which this little show-house has engaged for next week, the names of which appear in their ad today, the theatre-going people can expect another first-class show at the Bijou. Each and every act on the program is a headliner of the big circuits, and from press notices received by the manager, they are above the average vaudeville performers.

The Bijou has been playing to capacity for several weeks, and entertaining shows it has been having.

As the “Reliance” theatre, which name must have been given it because the shows are always so pleasing. It's a two to one bet that the show for the coming week will be up to the standard.

#### “Reveries of a Bachelor.”

“Reveries of a Bachelor,” which was postponed on Friday night on account of the storm, will occur at the K. of C. hall on the 18th. It was utterly impossible to conduct the entertainment on Friday, the lights of the building having gone out entirely. All those holding tickets should preserve them until the 18th, when they will be honored.

#### The Barrancas Minstrel Show.

The Fort Barrancas minstrels, who will appear at the Pensacola opera house on February 12th, will be of considerable interest, according to present indications.

The costumes arrived yesterday for the show, having been ordered from New Orleans at considerable expense. Manager Gray is highly pleased with the selection, which is very up-to-date, and attractive.

All of the latest New York songs will be sung, and the jokes which will be used have been composed by Mr. Will Franks, formerly connected with one of the greatest minstrel shows on the road. Among the features will be a quartette, composed of

## The Pimple And The Face

First Show Signs of the Blood Poverty Which Causes Most Skin Diseases.

It is a strange truth that pimples usually appear upon the face thus illustrating that nature uses the most direct method of convincing men that the blood is filled with poison.

The human circulatory system is said to be the most wonderful of all evidences of nature. It carries health, food and strength to every part of the body. It also carries from every part of the body all germ life, waste matter and decay.

If through poor eating, indigestion, constipation, etc., the blood is filled with poisonous, decaying, irritating fluids, these poisons are carried to the lungs, where they are attempted to be cleansed by the oxygen from air inhaled.

If this does not accomplish the results demanded the blood takes away the poison and carries it to the little cells of the skin, where they leave it. Here these poisons irritate and decay, until at last they form pimples and blackheads or other skin eruptions; at last bursting or are removed by man.

When you have pimples it is a certain sign your blood is wrong, that the great human blood system is turned into an intricate series of sewerage canals which are filled with impurities.

Science long ago learned that Calcium Sulphide was the most powerful, harmless and beneficial blood purifier obtainable.

Stuart's Chemical Wafers, under chemical tests, conclusively prove themselves to be one of the best methods of preserving the full strength of this great blood cleanser.

The real beauty of Stuart's Calcium Wafers lies in their rapid work. Their good effects are seen after only a few days use and a face full of pimples has been made clear and clear after only five days use of these wafers.

These wafers, by the peculiar Stuart process, preserve and hold the full strength of Calcium Sulphide, so that the system obtains this wonderful purifier in its most efficient state.

Other methods of administering and preparing Calcium Sulphide have proven Stuart's Calcium Wafers to be the best method.

Go to your druggist and buy a box of these little pimple eradicators today, price 50c, or send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 175 Stuart Bldg., Marshall, Mich.

some exceptionally fine and well-trained voices. Seats now on sale at Coe's book store.

#### At the Orpheum.

The Orpheum will have another extra good attraction next week for lovers of good clean comedy. Manager Vucovich assures a laugh every second, for he has taken great pains in securing an Al attraction. The show will open with Mansfield and Murry, who are billed to do a singing, talking and banjo playing act. The next offering will be that funny little eccentric comedian, Harry Newman, who has delighted many audiences. Mr. Newman is an Englishman by birth and recently came to this country and after having played many theatres in the north, decided to come south and Manager Vucovich was first to learn of this fact and immediately proceeded to secure his services. Another very laughable sketch will be put on by Mr. and Mrs. J. Murray Smith. This sketch is called “A Hundred to One Shot,” and will certainly be a big laugh producer as it will be well handled by two clever performers.

Prof. Jones will also be heard in a very late ballad.

On Friday night Manager Vucovich has arranged to have for his amateur winners. This promises to be a big treat to the public from the fact that the cream of the local talent will appear. The first prize will be ten dollars and the second five dollars.

On Saturday of this week there will be a special matinee given for the school children and a number of things that will interest them will be seen.

#### Hooligan in New York.

The leading female role in “Hooligan in New York,” is a blind girl who earns a living selling flowers in the great city. A supposed friend of her father's has possession of property that rightfully belongs to her, and fearing that she may eventually secure it he plots to murder her and thus make himself secure. She is rescued by Hooligan and the villain is finally brought to justice. The character is a sympathetic one and Miss Nellie LaFleur who will be seen in it at the Pensacola opera house on

## MARIANNA WANTS ROAD

CITIZENS OF THE THRIVING LITTLE CITY HOLD MASS MEETING TO DEVISE MEANS OF SECURING ROAD RUNNING NORTH AND SOUTH.

#### Special to The Journal.

Marianna, Feb. 6.—A called meeting of the citizens of Marianna was made by J. W. Smith, chairman of the board of trade, this week, for the purpose of obtaining a new railroad for Marianna, running north and south. There was a large gathering of the business men of this town and community. This meeting was enthusiastic over the proposition, and after much discussion the citizens appointed a committee known as a railroad committee, consisting of M. L. DeKle, president of the First National Bank, C. C. Liddon, one of the largest merchants of West Florida, and J. W. Smith, president of the Citizens State Bank. This committee was empowered to secure subscriptions and to make such contracts as they may deem advisable and use said money.

Immediately this committee wired for a consultation with A. B. Steele, of Atlanta. Also they have met and received propositions from Pennington & Evans, who have recently purchased vast interests in timber south of Marianna, and from indications there will be closed up immediately contracts for the construction of two different lines of railroad coming into this place, which will open up territory thickly settled by prosperous farmers, who will give to these two lines such a vast amount of substantial business that Marianna, in the near future, will surprise the people of West Florida in a rapid growth, stimulated by these independent lines of railway.

Already propositions have been made this committee on rates over said lines of some of the heaviest shipments at a reduction of 50 per cent. from the rates now in force in this town. Jackson county already leads in

farm products, cotton, corn and meat, ships quantities of corn to adjacent counties. Meat, too, is sold by some of our progressive farmers as a secondary crop, and many other products of the farm.

Harris Anderson, who lives near Greenwood, killed fourteen hogs averaging 267 pounds each, another fourteen averaging 218 pounds. Many others are quite as successful in this line.

The small grain crop was not killed by the cold a week ago, but the cold will do infinite good. Kill insects and render the lands more productive.

#### New Suit Filed.

The following new suit was filed yesterday in the office of the clerk of

the circuit court: J. A. Ewing vs. the J. R. Saunders Co., damages \$5,000. J. Walter Kehoe, attorney for plaintiff.

The question of who owns the dresses of a wife came up in the Brompton county court of Maryland recently and the judge decided that the husband was the owner. The man held that he had given the wife the money to buy the dresses in dispute, and, although they were not paid for, it was decided that they belonged to him.

New Tenant—There is not enough room in these flats to swing a cat. Janitor—Well, ma'am, cats are not allowed in these flats, anyhow.
